Circular Letter # 77

April 26, 1904

To the Superintendents:

The English classes for the Porto Rican teachers, outlined in Circular Letter # 8, cease on Saturday, April 30, by reason of the examination to be held on that date. It is suggested that these classes be continued for the remainder of the present school year along the lines suggested on the enclosed sheet, obviating any necessity for change in the daily program and at the same time giving the teachers additional instruction which will be particularly useful to those who go to the States this summer.

In case it is impracticable to carry out these instructions in your district, you will communicate at once with this Department.

Yours respectfully,

E. W. Lord

Acting Commissioner

Dictated by L. R. S.

HEH

Chief of Division
